# SISTERS OF ST. CASIMIR . . .

During our Diamond Jubilee we must look back and surely appreciate and be thankful to the Sisters of St. Casimir. 67 years ago then pastor, Rev. A. Briszko, asked that they come to our parish to run our school and educate our children. The first group of eight Sisters arrived in 1922; since that day we have had increases and decreases in their numbers as the school enrollment needed. Our children have been given the best possible education in their faith and the 3 r's for all these years. The Sisters' numbers have been as high as 14 at one time. Presently we have 4, however, even today with their decreasing number, the Sisters of St. Casimir see to it that our children have the best in lay teachers to continue the high standard of education Immaculate Conception is known for.

In the last 25 years we have had the privilege of the following Sisters of St. Casimir as our principals: Sr. M. Evangelista left us in 1963 with Sr. M. Theodorette taking her place from 1964 thru 1970. Then Sr. M. Lawrence was with us until 1976 when Sr. Margaret Petcavage was assigned to us until 1983, at which time Sr. Mary DeSales became our principal until 1987 and presently we have Sr. Virginia Gapsis as our principal.

The parishioners of Immaculate Conception Parish could not thank all of the Sisters of St. Casimir that have been here over the years, but we can remember them in our daily conversations and prayer with God.

PRESENT PRINCIPAL, SISTER VIRGINIA GAPSIS
